

STEWARDSHIP PARTNERS JOB ANNOUNCEMENT:

SNOQUALMIE STEWARDSHIP HABITAT RESTORATION CREW MEMBER

Location: Snoqualmie Valley, WA (Carnation, Duvall, Fall City, Monroe, North Bend & Snoqualmie). Some work outside of the Snoqualmie Valley may take place.

Position Description: This part-full time position (average 40 hrs. /wk. depending on funding/weather) with Stewardship Partners; a Seattle based non-profit conservation organization. Work is focused in the Snoqualmie Valley, along the Snoqualmie River and its tributaries with agricultural landowners. Crew Members assist in implementing habitat restoration project Best Management Practices (BMPs) that may include invasive plant control, riparian planting, wetland enhancement, erosion control, volunteer event management and partner/landowner relations. Crew Members also help with our annual Feast on the Farm fundraiser.

Specific tasks include but are not limited to the following:

- Planting native trees, shrubs and livestock
- Invasive plant species removal
- Site prep including spreading grass seed, site cleanup and installing plant protectors.
- Live stake installation along river and stream banks (dogwood, willow, etc.)
- Restoration site maintenance and monitoring
- Data capture and reporting
- Volunteer event management
- Plant salvage of native species such as alders, dogwoods, and willows.

Qualifications:

- Self-starter, ability to work in a team environment.
- Ability to conduct manual labor and work in inclement weather
- Background in Natural Sciences, Ecology, Environmental Science, is desirable
- Knowledge of local ecology and native plants helpful (but not required)
- Must be at 18 years of age
- Must have personal vehicle and a valid driver's license
- Snoqualmie Valley residents encouraged to apply

Compensation: \$17/hour to start

To apply: send inquiries and resumes to Chris LaPointe, Director of Ecological Restoration cl@stewardshippartners.org or call 206-292-9875
